Challenge Dairy Since 1911

OUR HISTORY

Back in 1911, a group of California dairy farmers accepted the “challenge” of getting their butter to market as fresh and delicious as it came from their churn – and the Challenge tradition was born. Today, Challenge Dairy Products is still a farmer-owned cooperative with its members controlling the quality of the process from farm to creamery to the customer. This has made Challenge Butter the largest selling brand of butter in the West. Churned fresh daily from 100% pure pasteurized sweet cream, Challenge is real butter at its freshest.

A PARTNERSHIP BUILT ON TRUST

At Challenge, dairy isn't just our business—it's our passion. No one churns as hard as we do to bring you the finest dairy products with an unwavering commitment to consistency, reliability, and exceptional service. As California's #1 foodservice dairy brand, we provide a seamless experience from order to delivery, ensuring your kitchen is always stocked with the premium dairy and pantry essentials you rely on.

Our dedicated fleet, operated through eight Challenge owned distribution centers, delivers fresher products, on time, every time. With a direct line to our expert team, you get the personalized support and expertise you need to succeed. From large-scale food manufacturers to the finest hotels and restaurants, our customers trust Challenge to deliver—without compromise.
